#### Navigating the Register

- 1. First, navigate to the CL:AIRE website at www.claire.co.uk
- 2. On the CL:AIRE homepage, hover over 'Projects and Initiatives' in the green menu bar until the dropdown menu appears.
- 3. The Register of Materials is listed on the top row of icons. Click this icon to be directed to the Register.

- 4. The main page of the Register provides a brief overview and includes the map of all the active sites currently listed.
- 5. To view more information about the sites, select the type of site you are interested in (i.e. Donor, Receiver or Soil Treatment Facility) on the grey navigation bar at the top of the page.

6. Once the selected page has loaded, below the map you will find a table of sites in that category.

7. The reference numbers listed in the #Ref column correspond to pins on the map.

## Making an enquiry about a site

1. Once you have identified a site of interest (see page 2 Navigating the Register), click on the reference number (#Ref) in green text.

5. When ready, complete a final review of the details before pressing the 'Submit' button at the bottom of the form. This will create a listing on the Register and a pin on the map for the coordinates provided.

## Requesting amendments to a listing

Once listings are submitted to the Register of Materials, you will no longer be able to make amendments to the details, or remove the listing yourself. Please follow the process 'Making an Enquiry About a Site' on page 4. Use this form to request any required changes, or remove the listing prior to the 'Available to' date.
